

# Vanishing vultures

Packet consists of a ● Cover ● Placard  
● Booklet ● Cards ● Rakhi (wrist band)  
● Stickers ● Poster

Vultures are disappearing mainly because of the pain killer drug administered for cattle and other threats. This educational kit has information on the reasons to preserve vultures, how they are important to humans. Illustrations of vultures and birds of prey seen in India, difference between Asian vultures, difference between old world and new world vultures, South Asian efforts for vulture conservation and vulture species found in Indian zoos are some interesting features of this packet.
